

Safe Steps Program for Children Exposed to Domestic Violence

If you work with a survivor of domestic violence with a child or children in the Melrose Public Schools (Early Childhood Center or any of the elementary schools), you can make a referral for your client to the Safe Steps Program. We offer free and confidential counseling and intervention services for children exposed to domestic violence. The program also works to support the parents who are the identified survivors.

For more information or to make a referral please call Crystal, Safe Steps Counselor at (781) 462-1575. You can then provide us with client information, let your client know to expect a call, and we will reach out to your client.
